Business Overview

£19.64M	5.852K	39.516K	£497.09
Total Revenue	Total Customers	Total Orders	AOV

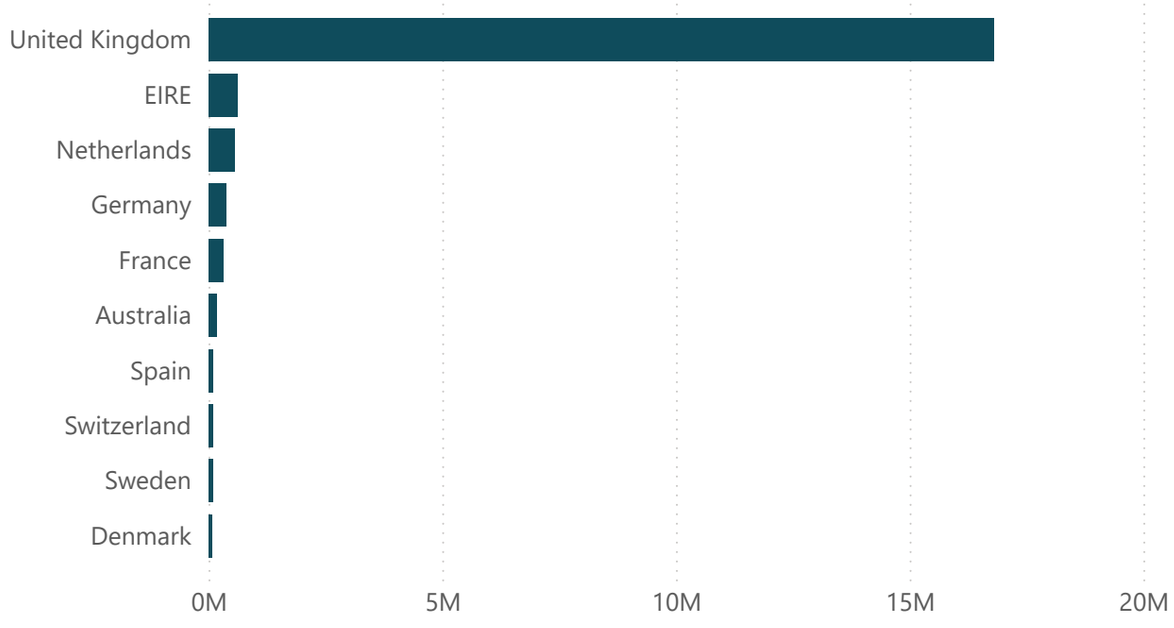

- [ ] 2009
- [ ] 2010
- [ ] 2011

Revenue is heavily UK-concentrated (85.5%) with a recurring Q4 seasonal spike (December 2011 is an incomplete month).

Revenue peaks every autumn (Dec 2011, only 9 days, is excluded)

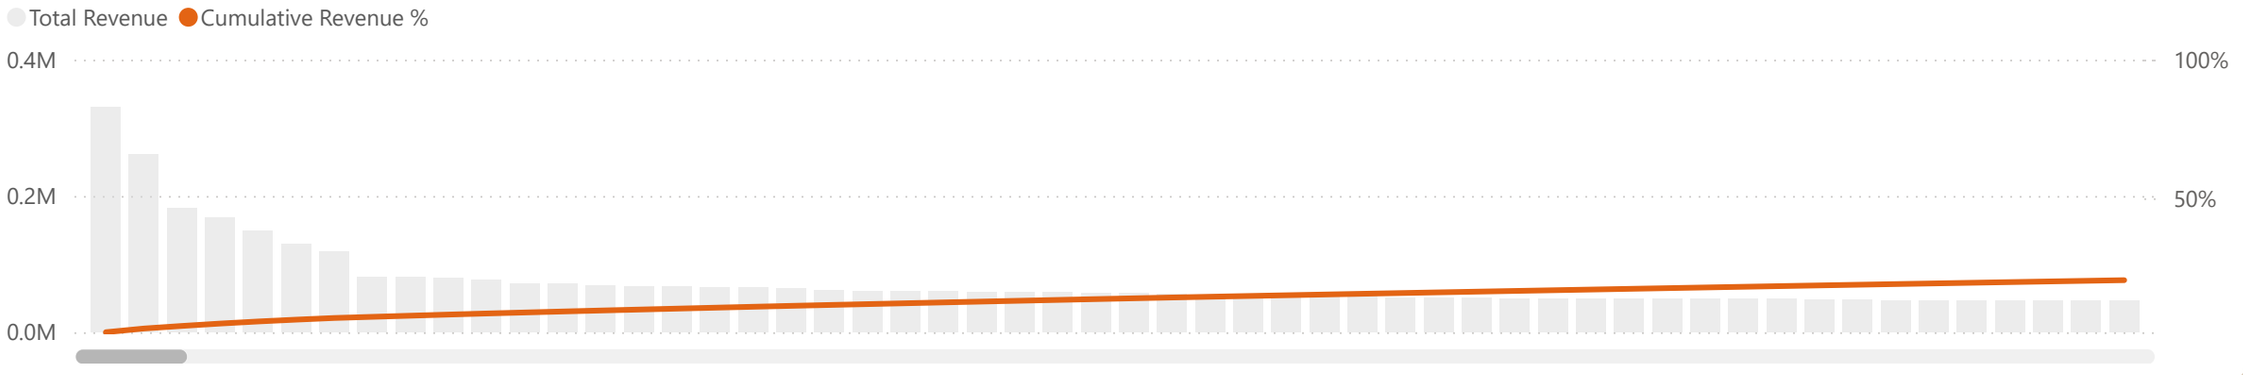

The UK is 85.5% of revenue

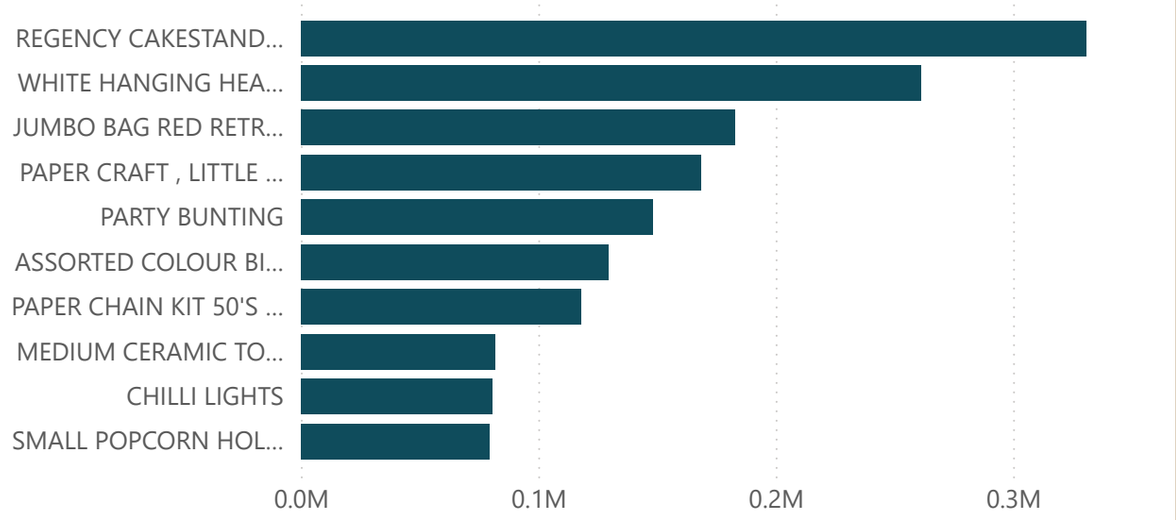

Products

Revenue is spread across a long tail of products. It takes roughly 22% of products to generate 80% of total revenue.

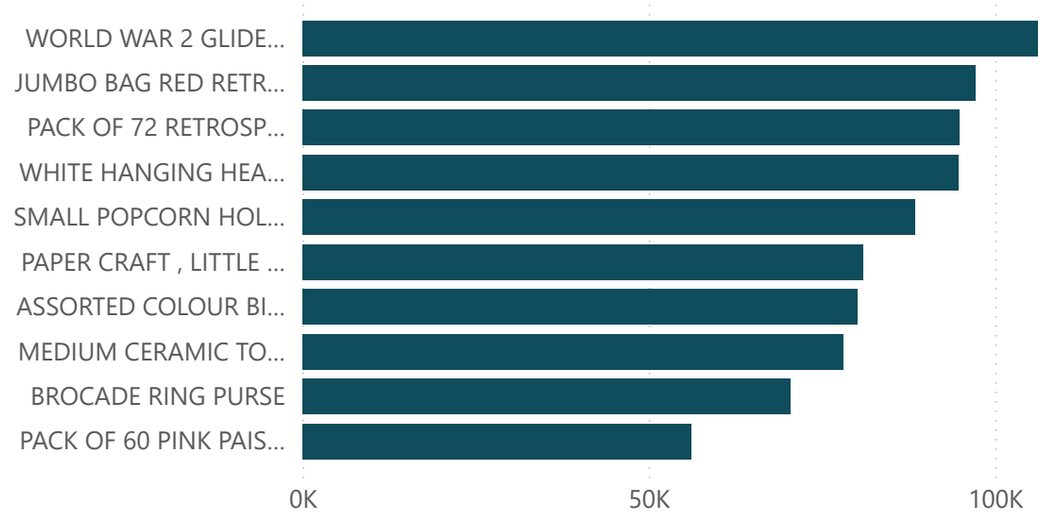

Revenue falls off steeply after the top few products

Total Revenue per Product

Total Quantity per Product

Repeat Customer Behavior

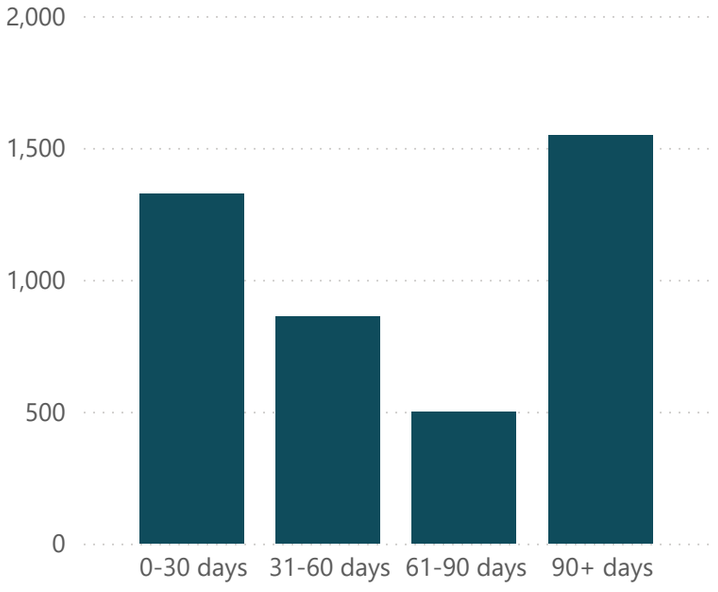

Repeat customers are 72% of the base but generate 97% of revenue, while one-time buyers (28% of customers) contribute just 3%

72.36%

57
Median Days to Second Order

97.17%
Repeat Revenue Share %

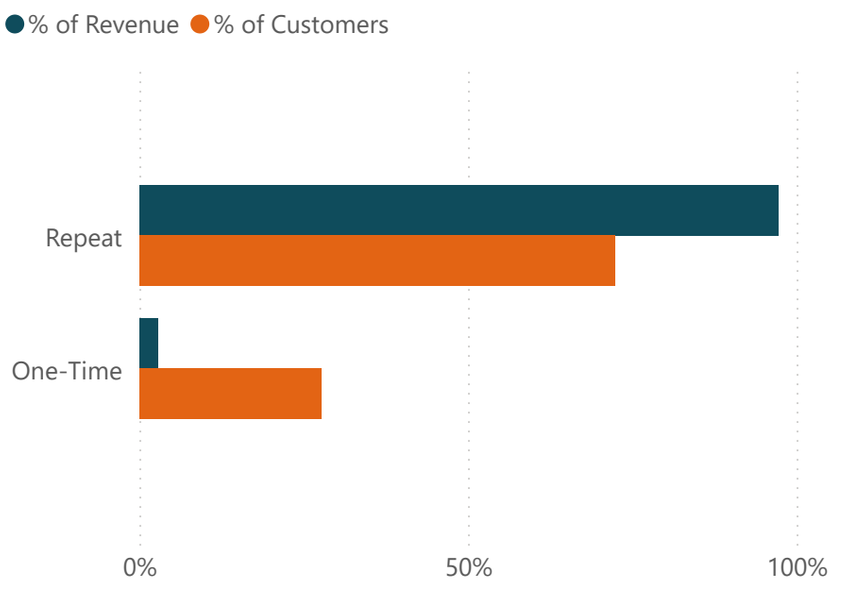

The median time to a second order is 57 days

Repeat Rate Percentage per Country

Repeat customers are 72% of customers and 97% of revenue

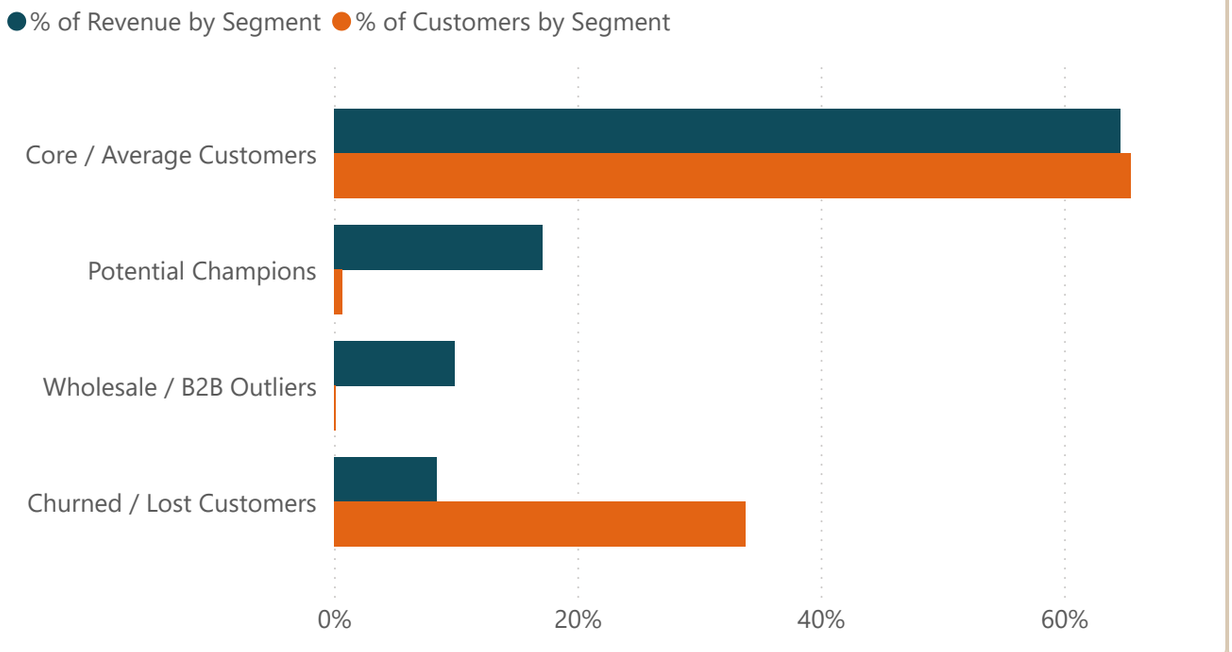

Customer Segmentation

Wholesale/B2B Outliers and Potential Champions are small in number but drive disproportionate revenue, while Churned/Lost Customers make up a large share of the base.

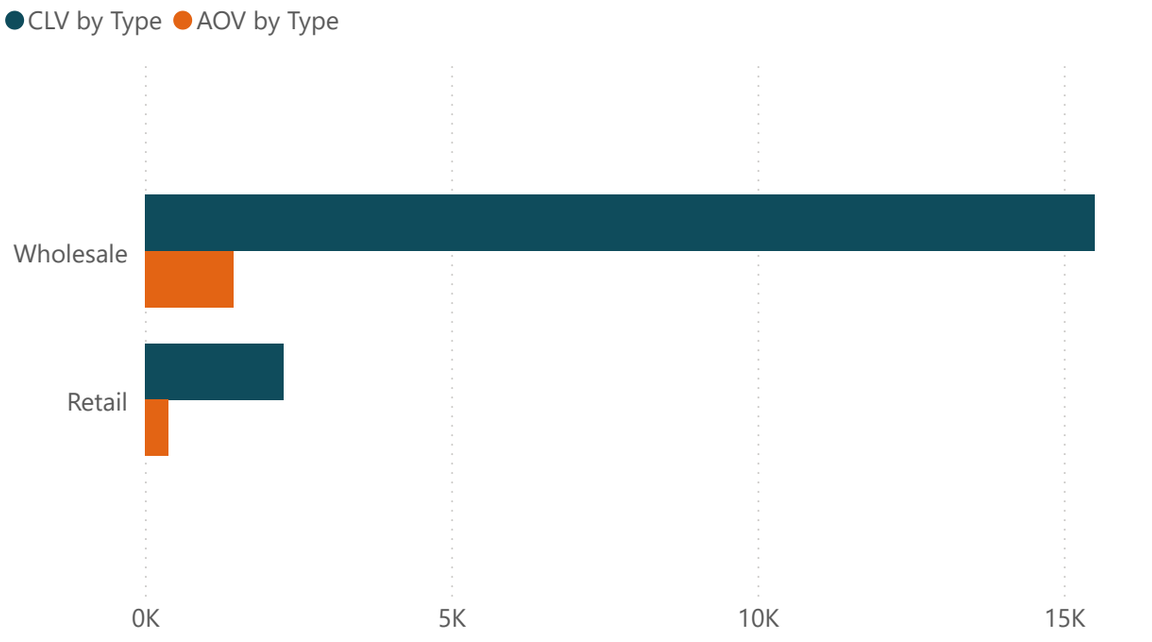

Segment	Avg recency (days)	Avg frequency (orders)	Avg monetary (£)
Churned / Lost Customers	461.16	2.21	724.93
Core / Average Customers	66.53	7.22	2,878.50
Potential Champions	23.74	99.05	76,972.08
Wholesale / B2B Outliers	2.75	201.75	420,765.31
